

Hi Everyone,

Despite the track, tennis and baseball practices that took advantage of the warm Wednesday sun, yesterday marked the true end of the winter season. The final basketball games of 2018-2019 were played, both at home and on the road. Much appreciation to all of our student athletes, whose hard work and long hours produced many exciting moments, from buzzer beating shots to touch pad finishes with less than a second's difference. Special thanks to the 13 seniors who led our Varsity teams—your leadership over a season lasting four full months was exceptional.

Next week brings the first true 'spring' schedule. Before the week is out, all of our programs will have started preparations for the upcoming seasons. A quick note: if you have a practice scheduled for a conference day, **your conferences take precedence**. Do not reschedule and make sure that you attend. These rules apply to the Spring Intensives as well. Your first priority is to any trips/activities that are scheduled as part of your intensive!

Have a great weekend.

REM

Monday, 2/25
