

Curiosity

- Suspending judgment and asking questions
- Delighting in discovery
- Exploring and experimenting with different tools, materials, and media
- Creating in order to learn more about ourselves and everything around us

Empathy

- Seeking and listening to multiple perspectives
- Including and caring about others
- Communicating across difference
- Stewarding our school, city, and world to build the future we want to live in

Resilience

- Setting goals, taking risks, and growing from mistakes
- Trying again another way
- Collaborating on diverse teams to solve problems and adapt to change
- Navigating conflict, building coalitions, and taking action for equity and justice

Discernment

- Evaluating information, uncovering our own and others' biases
- Explaining our reasoning clearly, confidently, and with purpose
- Making responsible choices as members of a community
- Engaging with complexity to deepen understanding
